

## North Warwickshire/South East Staffordshire/ Telford&Wrekin Language Leaders Networking Event

The Language Networking Hub will be hosting the following sessions for regional MFL Heads of Departments and colleagues to meet and look at working together on the new GCSE and its demands.

We are a working party, where ideas and good practice can be shared and any questions can be worked out together.

The dates and themes for the remainder of events running throughout the remainder of this academic year are detailed below. We hope you have found these events useful and that you make a date in your diaries to join us.
